## KV "ANDENES" - KV "SENJA" - KV "NORDKAPP"

### CONVERSION / UPGRADING COAST GUARD VESSELS - NORDKAPP CLASS

RADAR SYSTEMS FOR HELICOPTER CONTROL REPLACED AND UPGRADED.

The main reason for the upgrading was the change from Lynx helicopters to the larger and more advanced NH 90 helicopters.

- Installation of new hangar port
- Helicopter deck reinforcing and lengthening
- New heating cables in, and plating under the helicopter deck.
- Fuel capacity extension
- New stabiliser systems installation
- Installation of NBC ventilation
- Installation of new fresh water separator
- Various cabin furnishings and upgrading
- Waste handling system rebuilding
- Calculations and analyses
